

Journal de bord n°1

Pré school

Week of September 3 to 6, 2024

Cette semaine, c'était la rentrée. Nous avons découvert ou redécouvert notre classe.

Jean-Marie, notre maître, Marie-Louise et Mirriam nos assistantes nous ont accueillis. Dans la classe, nous sommes 9 pour le moment (4 TPS et 5 PS). 1 élève arrivera lundi et d'autres enfants arriveront pendant l'année.

This week was back to school. We discovered or rediscovered our classroom.

Jean-Marie, our teacher, Marie-Louise and Mirriam, our assistants, welcomed us.

There are 9 of us in the class at the moment (4 TPS and 5 PS). 1 pupil will arrive on Monday and other children will join us during the year.

This week, we showed the master what we can do or almost do:

-make up our first name with movable letters.

-leave marks with paint

-make necklaces, then make necklaces in a single color.

-stick stickers "around".

-Build small collections.

-sort colors

-Understand a few words or phrases in French.

With Marie-Louise and Mirriam, we made a poster to decorate one of our classroom doors. We've outdone ourselves, and it's really pretty! It'll be ready soon.

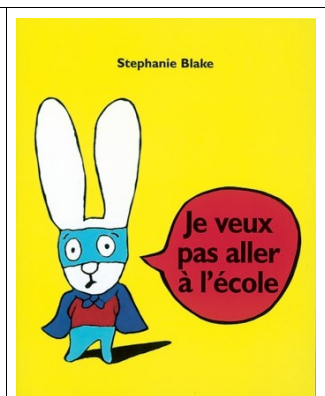

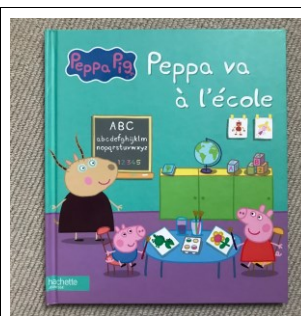

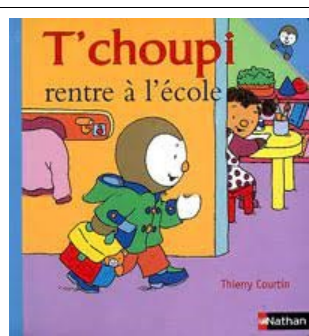

With Miss Becky, we discovered a story and sang nursery rhymes.

In PE, we manipulated balls and hoops. We played the statue game.

Jean-Marie read us stories about going back to school.

Finally, we sang a number of nursery rhymes to introduce ourselves (J'ai un nom, un prénom) and warm up our fingers (Poucinet).
